Section-II Overview about the rationale of CUET (UG) - 2023		
1.	What does NTA stands for?	NTA stands for the National Testing Agency (NTA). It is established by Ministry of Education, MoE (Earlier known as Ministry of Human Resource Development-MHRD) as an independent/ autonomous, self-reliant and self-sustained premier testing organization.
2.	What is CUET (UG) – 2023?	<p>CUET (UG) – 2023 stands for Common University Entrance Test (UG) 2023.</p> <p>CUET (UG) – 2023 will provide a single window opportunity to students to seek admission in any of the Central Universities (CUs), and other participating universities (State Universities, Autonomous Institution, Private University, deemed University) across the country, for the academic session 2023-24.</p> <p>CUET (UG) – 2023 will provide a common platform and equal opportunities to candidates across the country, especially those from rural and other remote areas and help establish better connect with the Universities.</p> <p>It is a single entrance test for admission to Central Universities and other participating universities (State Universities, Autonomous Institution, Private University, deemed University) which will be admitting the candidates to their UG courses for the academic year 2023-24 based on the NTA Score secured by them in this test.</p>
3.	How is CUET (UG) – 2023 going to be helpful to a student	<p>The Common University Entrance Test CUET (UG) – 2023 will be helpful to a student in the following ways: -</p> <p>In the past, students used to be under stress to secure more than 95% marks in Class 12 Board Examination to get admission in the University of their Choice. With the introduction of CUET (UG) – 2023, the stress on them for securing very high marks in the one and only Board Examination stands reduced.</p> <p>Marks given by different Boards vary widely because of the typology of questions and the scoring pattern. These things will now be standardised under CUET (UG) - 2023.</p>

		<p>The question paper pattern in CUET (UG) – 2023 will be objective type comprising Multiple Choice Questions and hence evaluation will be objective. In this manner, subjectivity in evaluation of the descriptive type of papers in the traditional Class 12 exams of different Boards will not handicap the candidates in getting admission to the University of their Choice.</p> <p>CUET (UG) – 2023 will be held in the Computer Based Test (CBT) mode where result processing will be done through technology with no human intervention.</p> <p>CUET (UG) – 2023 will be based on Class 12 syllabus and hence candidates of Class 12 need not prepare for it separately.</p> <p>In CUET (UG) – 2023, students have a wide range of options-i.e. 27 subjects, 33 Languages and General Test to choose from. They can select the Subject/Language/General Test of their choice, as per the requirements of the University where admission is sought. Drawing from the National Education Policy (NEP), the CUET (UG) - 2023 will be conducted in English, Hindi, Assamese, Bengali, Gujarati, Kannada, Malayalam, Marathi, Odia, Punjabi, Tamil, Telugu, and Urdu.</p>
4.	<p>How will The Common University Entrance Test CUET (UG) – 2023 address the diversity of the students across the country?</p>	<p>The Common University Entrance Test CUET (UG) – 2023 will provide a common platform and equal opportunity across the country especially to those students coming from rural and urban areas including candidates from the three National Boards CBSE, ICSE and NIOS.</p> <p>In CUET (UG) - 2023, students have a wide range of options-i.e. 27 subjects, 33 Languages and General Test to choose from. They can select the Subject/Language/General Test of their choice, as per the requirements of the University where admission is sought. They can also choose any of the 13 languages specified therein as medium of their test.</p>
5.	<p>I secured 99% marks in Class 12 but did not get admission in the desired university.</p>	<p>In the past, candidates had this grievance that though they scored 99% in Class 12, they could not get admission in the Universities of their choice. This was basically because of varied typology of questions and scoring pattern across different Boards in the country.</p> <p>These things will now get standardized with the introduction of CUET (UG) - 2023.</p> <p>The question paper pattern in CUET (UG) – 2023 will be objective type comprising Multiple Choice Questions and hence evaluation will be objective. In this manner, subjectivity in evaluation of the descriptive type of papers in the traditional Class 12 exams of different Boards will not handicap the candidates in getting admission to the University of their choice.</p>

6.	How will I prepare for both CUET (UG) – 2023 and the Board Examinations?	<p>The syllabus for the subject / domain tests of CUET (UG) – 2023 will be based on Class 12 so that there is no pressure on the candidates to prepare for both the exams.</p> <p>The effort that would be required to do well at CUET (UG) – 2023 will also help candidates to prepare well for their Board Examinations. Thereby, it would strengthen their learning.</p>
7.	What does the National Education Policy Say?	<p>The National Education Policy has clearly elucidated that the entrance to Higher Education should be through Common Entrance Test at the national level so that there is uniform standard of bench marking of candidates.</p>
8.	Will the Board Exam become redundant now?	<p>The basic eligibility criterion for entrance into Universities remains unchanged which is that a candidate must have passed the Class 12 examination from any recognized Board or equivalent.</p> <p>In fact, marks in grade 12 for eligibility will vary across programs and Universities.</p> <p>Moreover, Board examination is an Achievement test whereas CUET (UG) – 2023 is a Selection Test.</p> <p>Hence, Board Exams at Class 12 level are not likely to become redundant.</p> <p>The basic eligibility criteria is a key factor for admission to all University and other examinations such as JEE and NEET at the National Level.</p> <p>The principles for University Entrance Exams require a common test. The National Testing Agency (NTA) will work to offer a high-quality Common Aptitude Test, as well as specialized common subject exams in the sciences, humanities, languages, arts and vocational subjects. These exams will test conceptual understanding and the ability to apply knowledge and shall aim to eliminate the need for taking coaching for these exams. Students will be able to choose the subjects for taking the test, and each university will be able to see each student’s individual subject portfolio and admit students into their programmes based on individual interests and talents.</p>
9.	How does CUET (UG) – 2023 provide more flexibility and options for me to choose from?	<p>In CUET (UG) - 2023, a candidate may take a maximum of 10 subjects from all three sections.</p>
10.	How will CUET (UG) - 2023 become a great social equalizer?	<p>The Common University Entrance Test CUET (UG) – 2023 will provide a common platform and equal opportunities to candidates across the country, especially those from North-East and from rural and other remote areas and help establish better connect with the</p>

		Universities. It will test conceptual understanding and the ability to apply knowledge and shall aim to eliminate the need for taking coaching for these exams.
11.	What about the flexibility and autonomy of universities? Will it not be curtailed?	The Counselling process is to be conducted by the respective Universities. The Universities will be preparing their respective Merit Lists for the offered programmes and may follow the same practice as in earlier years to fill the seats that fall vacant due to dropouts.
